### **PRODUCT DESCRIPTION**

**Sealer Stripper** is a high impact, emulsifiable coating remover for use on concrete floors, paving blocks, etc. to quickly remove sealers. It can be used indoors or out, wherever water can be used to flush off sealer.

### **BENEFITS**

- **Emulsifying Action:** **Sealer Stripper** not only dissolves tough to remove coatings, but the emulsifying action breaks down the dissolved coating so that scrubbing with water removes all of the old coating down to bare concrete. Nothing is left behind.
- **Fast Action:** **Sealer Stripper** will penetrate and soften the old coating in 20 to 30 minutes so that it can be scrubbed up and emulsified with water and flushed off.
- **No neutralizing necessary:** **Sealer Stripper** contains no acids or harmful reactive components. Just scrub up the dissolved coating, rinse it off, and let the floor dry. **Stain Prep** may be applied immediately if there are stains to be removed or to profile.
- **Economical:** The fast acting **Sealer Stripper** formula means less labor and less time wasted. This saves money.
- **Stable in storage:** Stored in its original container, **Sealer Stripper** remains Stable for long periods of time.

#### **IMPORTANT NOTICE:**

These products are sold subject only to the expressed warranties contained herein. Additional warranties, expressed or implied, and any warranty of merchantability is hereby excluded. Buyer agrees that seller assumes no liability for consequential damages of any kind, which result from the use or misuse of the merchandise sold hereunder. In the event that the buyer proves that any goods received do not conform to the specifications agreed to between the parties or if the buyer proves that such goods were defectively manufactured, the buyer's remedies shall be limited to either the return of the good and repayment of the purchase price or replacement of the nonconforming good at the option of the seller. Such remedy being exclusive of all others and the sole remedy available to the buyer, hereby expressly waives any claim to additional damages.

### **HOW TO USE**

1. Turn off all pilot lights, flames or any arcing or sparking devices. **NO SMOKING!**
2. Apply **Sealer Stripper** by spraying, brushing or pour on and spread evenly with a squeegee. Apply at approximately one gallon per 150 square feet.
3. Allow **Sealer Stripper** to penetrate and soften the coating for at least 20-30 minutes.
4. Add a small amount of water and scrub vigorously to emulsify the liquefied coating.
5. Heavy coating may require a power scrubbing, or a second treatment.
6. Flush off the emulsified coat, rinse and mop or wet vac.
7. Once dry, the floor is ready for any desired treatment.

### **ENVIRONMENTAL IMPACT**

**Sealer Stripper** contains biodegradable surfactants and non-chlorinated solvents.

### **PROPERTIES**

**TYPE:** Heavy duty solvent type coating remover.

**COLOR:** Straw

**ODOR:** Solvent

**TOXICITY:** Harmful if swallowed, use with good ventilation.

**FLAMMABILITY:** Extremely flammable

**COMPOSITION:** Biodegradable surfactants, and non-chlorinated solvents.
